### Respondent Comments

COTC is a great stepping-stone. I have recommended several people to take classes their because it is so inexpensive, and the professors are wonderful (specifically Kim Goudy and Bonnie Buchanan). Both of them made quite an impact on my learning and genuinely cared about the students, which can sometimes be a rare find. COTC is a perfect first step and can open doors for you to further your education or to begin your career.

Great Experience!

#### **Respondent Comments**

I have recommended and encouraged several of my co-workers to attend COTC. Currently two have enrolled and one of them is almost done with completing the BMT associate program. I will be graduating with my associate in May 2020. Yeah!!!
